Riesling

Riesling. King of all grapes. This is the only grape to be successfully fermented in dry, off-dry and fruity styles for centuries. Riesling must be respected, followed, but never feared. If you don't already know, we are happy to show you the truth.

Monthly Staff Wine Favorites

Every month at Montrio we like to offer our staff an opportunity to choose several wines that they personally enjoy that will be featured in the wine list.

CESAR: A man of many talents. A great server, bartender, and loves great wine.

Ridge Lytton Springs Zinfandel Sonoma County, CA 2017 **82**

"Ridge is always a great selection. This wine has bright cherry, plum, blackberry fruits with long finish of peppery spice and solid tannins. Pair this alongside our Sirloin!"

Copain Syrah "Hawkes Butte," Yorkville Highlands, Mendocino County 2013 **108**

"This syrah is one of my favorites. This is a great wine to start dinner with. Juicy with hints of black cherry, anise, and has a bright acidity. Pair this with our beef carpaccio appetizer!"

ANDREW: A true hospitalitarian. He was worked with and around wine for years!

Level Five Pinot Noir "Rosella's Vineyard," Santa Lucia Highlands 2017 **65**

"Level 5 Pinot Noir is one of our best values on our entire wine list. Coming from the famed "Rosella's Vineyard" in the local Santa Lucia Highlands. The vineyard is named after Rosella Francioni, wife of vineyard owner and Roar winery owner Gary Francioni. A pioneer of planting Pinot Noir in the SLH region. Rosella's vineyard is halfway down the north-south oriented SLH AVA and benefits greatly from the cool ocean breezes coming down the Salinas valley as well as the warm growing days to balance out this wonderful wine. The LVL 5 Pinot has a perfect balance of fruit, spice, and light acidity. Perfect to pair with Montrio's incredible rack of lamb!"

Pinot Noir

MONTEREY & SANTA CRUZ COUNTY

Our local Santa Lucia Highlands are located south of Salinas just off Highway 101. These Pinot Noirs are gaining world wide reputation for beautiful ripeness, balance and fruit of dark forest berries. Across the bay, more iron rich soils offer earthier and heartier examples.

Frühburgunder

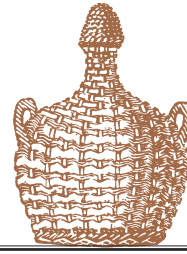

What is Frühburgunder? Well, it is a varietal, mainly planted in Germany, which is a mutation of Pinot Noir. As its name implies, Früh, meaning "early" in German, it ripens earlier than Pinot Noir. You might have seen it under its Synonyms: Pinot Madeleine or Pinot Noir Précoce. Try this for a deeper, smokier, and interesting bottle. You won't find these anywhere else. They were all special ordered and are low in supply
